To Whom It May Concern:

Gulf Islands Seniors Residence Association [GISRA] is very supportive of the Salt Spring Men's Shed efforts to establish and operate a workshop facility on Salt Spring Island.

A Men's Shed program on Salt Spring will not only be of general benefit to Salt Spring's community but also of specific benefit to GISRA residents. Our support is such that we have offered temporary, free of charge use, of a workshop building that is located on our King's Lane property.

Yours sincerely,

Harry Barnes
Executive Director GISRA
